The Construction Board of Adjustment and Appeals, when so appealed to and after a hearing, may vary the application of any provision of this code to any particular case when, in its opinion, the enforcement thereof would do manifest injustice and would be contrary to the spirit and purpose of this or the technical codes or public interest, and also finds all of the following:

1. That special conditions and circumstances exist which are peculiar to the building, structure or service system involved and which are not applicable to others.

2. That the special conditions and circumstances do not result from the action or inaction of the applicant.

3. That granting the variance requested will not confer on the applicant any special privilege that is denied by this code to other buildings, structures or service system.

4. That the variance granted is the minimum variance that will make possible the reasonable use of the building, structure or service system.

5. That the grant of the variance will be in harmony with the general intent and purpose of this code and will not be detrimental to the public health, safety and welfare.

112.4.2.1. Conditions of the Variance. 112.4.4. Unsafe or Dangerous Buildings or Service Systems. In the case of a building, structure or service system which, in the opinion of the Code official, is unsafe, unsanitary or dangerous, the Code official may, in the order, limit the time for such appeals to a shorter period.

112.5.1. Rules and Regulations. The board shall establish rules and regulations for its own procedure not inconsistent with the provisions of this code. The board shall meet on call of the chairperson. The board shall meet within 30 calendar days after notice of appeal has been received.

Each decision of the board shall also include the reasons for the decision. If a decision of the board reverses or modifies a refusal, order, or disallowance of the Code official or varies the application of any provision of this code, the Code official shall immediately take action in accordance with such decision. Every decision shall be promptly filed in writing in the office of the building official and shall be open to public inspection. A copy of the decision shall be sent by mail or otherwise to the appellant.
