Dear Ms. Berryhill and Mr. Farmer:

The City of Tyler has hired the consulting engineering firm of Schaumburg & Polk, Inc. (the "consultant") located in Tyler to acquire right of way for this project. In acquiring property for expansion of the street system, the City of Tyler follows a definite procedure for appraising the land needed and for handling personal negotiations with each owner. As explained by the consultant's representative, Dwayne Tyner, a portion of your property located on New Copeland Road is to be acquired for the above captioned project.

We believe at this stage of the purchase process it is mutually beneficial to confirm that based on an appraisal(s) made by an independent fee appraiser(s), the City is authorized to offer you \$26,790 for your property identified as Parcel No. 44 and \$3,660 for a permanent slope easement located outside the new right of way. This totals \$30,450 for both parcels. This amount has been determined to be the total amount of just compensation for the property. Replacement of existing fencing, adjustment of sprinkler system or relocation of existing fencing that will be handled separately by the City. Except for utility easements for which the City will contact the easement holder, you will be responsible for notifying and negotiating with any other parties who may rent or lease from you. We will contact any lienholders on this property and obtain releases for the new right of way.

As stated above, the City has obtained an independent fee appraisal. If you wish to accept the offer based upon this appraisal, please contact Dwayne Tyner as soon as possible so the payment procedure to obtain your payment may be started. If you are not willing to accept this offer, you may submit a written request for counteroffer, setting forth a counteroffer amount and documentation to support such amount, provided such settlement request and supporting documentation are received in writing within 14 days from the date of receipt of this letter.
