

HealthFirst Mobile App

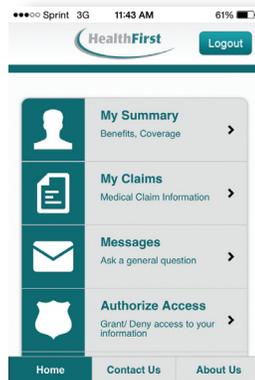

Convenient • Quick • Easy

Want to look up the status of a medical claim? Find a doctor nearby? Ask a question about your health insurance coverage? Now you can do this and more right from your mobile device, with the new HealthFirst mobile app.

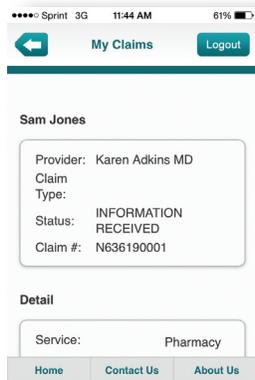

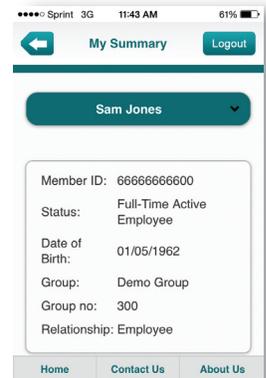

Get help fast

Question about your coverage? Send a secure message to our customer support team and get an answer right on your device.

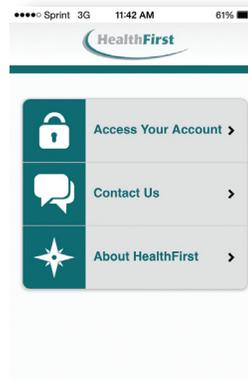

View benefits and coverage

See what you've spent so far this year and determine whether you've met your yearly deductible.

Look up claims

See your 10 most recent claims. Get a detailed view of each one. Or look up specific medical, dental and pharmacy claims by member name.

Keep info safe

Create a secure account to see your personal data. To use the app, you must always sign in with your unique username and password.

Find doctors

Locate physicians, clinics and hospitals in your network, so you're sure they accept your insurance. Using in-network providers gives you deeper discounts on medical care.
