

URGENT CARE CLINIC UPDATE
City of Tyler Health Plan, March 2016

Urgent care centers offer a convenient, affordable alternative for care of minor illnesses and injuries. However, please use an urgent care clinic in your provider network in order to avoid higher copays. To get the best care at the best prices, please be aware of several changes to the AccessDirect Platinum network, including the expansion of ETMC's urgent care clinic system.

- **Tyler Urgent Care, 1809 Capital Drive, Tyler, is no longer in the ADP network** as of March 13, 2016. It has merged with Complete Emergency Care. HealthFirst plan members who use this clinic after this date will face higher costs for services obtained at this location.
- **ETMC now operates four freestanding urgent care clinics** in East Texas. These offer longer hours, including weekends, and walk-in access, with no appointment needed. They are well-equipped to handle minor, non-emergency issues such as broken bones, colds, fevers, flu-like symptoms, sprains, stomach viruses and lacerations. Lower, in-network copays will apply for services received by HealthFirst plan members.
- At this time, the **following clinics** are staffed by physicians **in your network**, the ADP network:
(PLEASE NOTE IT IS YOUR RESPONSIBILITY TO MAKE SURE THAT THE DOCTOR AND/OR CLINIC YOU USE IS IN THE ADP NETWORK)
