WRITTEN JUSTIFICATION REQUIRED:

In order to obtain this exception, the applicant must submit a written justification to the City Development Services Engineer or designee, demonstrating that the proposed activity would be necessary to meet the best practices of building construction.

“This exception shall only apply upon the Development Services Engineer’s or designee’s prior written approval by permit. Granting the exception shall be within the sole discretion of the Development Services Engineer or designee, who may consider one or more of the following factors:

____ (a) Whether the proposed time or nature of the work is necessary to ensure the public health and safety;

____ (b) The proposed length or duration of the proposed construction;

____ (c) The specific methods of construction being utilized;

____ (d) The possible effect of weather, temperature, light or other factors on the workers, the proposed construction, or on the equipment or materials used in the activity;

____ (e) Any other factors determined to be relevant by the Development Services Engineer or designee;”

Within 5 days after granting any permit allowing an exception under this subsection, the Development Services Engineer or designee shall send notice to all owners of real property situated within two hundred feet (200’) of the property for which the exception has been granted.
