

FY 2018

## ANNUAL PROJECT LISTING

## TYLER AREA METROPOLITAN PLANNING ORGANIZATION

Prepared by the:

Tyler Area Metropolitan Planning Organization

In Cooperation with:

Texas Department of Transportation and Tyler Transit

## **Purpose of this Report**

In accordance with Code of Federal Regulation (CFR) § 450.332, no later than 90 calendar days following the end of the program year, the State, public transportation operator(s), and the MPO shall cooperatively develop a listing of projects (including investments in pedestrian walkways and bicycle transportation facilities) for which funds under 23 U.S.C. or 49 U.S.C. Chapter 53 were obligated in the preceding program year.

The listing shall include all federally funded projects authorized or revised to increase obligations in the preceding program year and shall, at a minimum, include the project information and amount of Federal funds requested in the Transportation Improvement Program (TIP), the Federal funding that was obligated during the preceding year, and the Federal funding remaining and available for subsequent years.

Obligated projects in this report are broken down in to four categories; highways, transit, bicycle and pedestrian, and grouped projects. This report provides an overview of the transportation planning and programming process and the resulting federal funding obligation of the TIP. This report lists all projects which were federally obligated in the 2018 fiscal year (October 1, 2017 – September 30, 2018). An obligation is the federal government's commitment to pay its fair share of the project cost. This obligation happens at the time where the project is executed and the State or Grantee requests the funds. For Federal Transit Administration projects (FTA), obligation occurs when the FTA grant is awarded. In summary, an obligated project is one that has been approved by the federal government for reimbursement. Projects contained in the Annual Project Listing may not have been initiated or completed in the fiscal year.
